RESTRICTIVE COVENANT AMENDMENT REVIEW SHEET

CASE: C14-00-2062 (RCA 2)

P.C. DATE: December 13, 2005
January 10, 2006
January 24, 2006

ADDRESS: 807 East 11th Street.

OWNER/APPLICANT: Steven Martens.

AGENT: David Armbrust

EXISTING ZONING: CS-MU-NCCD-NP

SUMMARY STAFF RECOMMENDATION:

Staff recommends the amendment of the Restrictive Covenant to modify paragraph five to clarify the obligations of the owner of the property with respect to affordable housing. Specifically, allowing the expansion of the off-site affordable housing provision to include zip codes 78702, 78722, 78721, and 78723.

PLANNING COMMISSION RECOMMENDATION:

December 13, 2005 – Postponement until January 10, 2006 at the request of the applicant.

January 10, 2006 – Postponed until January 24, 2006 at the request of the applicant to allow this case to be heard with two related cases

January 24, 2006 – *APPROVED AMENDMENT TO THE RESTRICTIVE COVENANT; EXCEPT FOR THE 78724 ZIP CODE AREA. (Summary; see # 11)*
[J.REDDY; D.SULLIVAN 2ND] (9-0)

DEPARTMENT COMMENTS:

The existing restrictive covenant was signed in June 2001. The existing restrictive covenant addressed, among other aspects the provisions of affordable housing, as part of this project, both on and off-site. The amendment seeks to clarify the requirements of the owner regarding affordable housing.

On September 13, 2005, the Planning Commission approved an amendment to this restrictive covenant for the major portion of this tract. That amendment was approved by City Council on December 12, 2005. This amendment addresses one of the two remaining tracts covered by the RCA. (See attached). This amendment will be combined with RCA (3) and RCA (4) into one RCA with consistent standards across all the tracts of the property regardless of ownership.

Proposed Modification to Robertson Hill Restrictive Covenant

Replace paragraph 5 with the following:

New Paragraph 5:

"Portions of the Property may be owned by different owners (each an "Owner") from time to time. At least ten percent (10%) of the residential units constructed by an Owner for each distinct project developed on a portion of the Property shall be Reasonably priced for the period of time that the Owner of such project giving rise to such requirement receives economic development grants from the City plus an additional five year period of time. At the option of the Owner of each such project, such Reasonably priced housing may be built totally on the Property ("onsite parcel") or five percent (5%) built onsite and five percent (5%) built or acquired and ~~rehabilitated~~ ~~renovated~~ on one or more offsite parcel(s) located within the 78722 and 78702 zip code areas (collectively, "offsite parcel"). Ownership of the onsite parcel and offsite parcel may become separate, but prior to any such conveyance separating the two, such Owner shall obtain written approval from the City of the entity to whom Owner is proposing to convey the offsite parcel and impose a restrictive covenant on the offsite tract that incorporates the terms of this restrictive covenant. Upon the recording of such restrictive covenant, each parcel (the onsite parcel and offsite parcel) shall thereafter stand on its own for all purposes and the default or breach of the restrictions on one parcel shall have no effect upon and be no breach of this restrictive covenant on the other parcel. A breach of the restrictive covenants required for additional parcels as to each distinct project shall have no effect upon and shall not be a breach with regard to any other distinct project on another portion of the Property. Prior to the date a certificate of occupancy is issued with respect to an onsite parcel or offsite parcel (in the case of the acquisition of an offsite parcel which is an existing unit, at the time of such acquisition), a Land Use Restriction Agreement (substantially in the form attached to this restrictive covenant as Attachment 1 for an onsite parcel or an offsite parcel which is newly constructed; substantially in the form attached to this restrictive covenant as Attachment 2 for an offsite parcel which is not newly constructed) shall be entered into between the Owner (in the case of an offsite parcel conveyed to an affiliate of the Owner or such other entity, the affiliate or other entity the offsite parcel is conveyed to) and the City and filed for record in the real property records of Travis County, Texas. In the event any conflict should arise between the terms of this restrictive covenant and the Land Use Restriction Agreement, the Land Use Restriction Agreement shall prevail, then this restrictive covenant.

" 'Reasonably priced' is defined as onsite or newly constructed offsite housing available to a family whose earnings do not exceed eighty percent (80%) (for offsite housing which is not newly constructed, sixty-five percent [65%]) of the median family income for the Austin-San Marcos Metropolitan Statistical Area and who would normally spend no more than thirty percent

| (30%) (for offsite housing which is not newly constructed, twenty-eight percent [28%]) of its income on housing expenses."

SUMMARY

This item was pulled from the Consent agenda.

Commissioner Cortez had a question about whether there was anybody from the neighborhood to speak on behalf of the neighborhood's view on this case.

There was no one present to speak on behalf of the neighborhood.

Commissioner Cortez – I just don't feel comfortable voting for it until I've heard something from the neighborhood. I would feel better about it if the Guadalupe Neighborhood Development Corporation was here or some note from SMART Housing, or somebody who can tell me what the impact of this will be on the affordable housing in those particular neighborhoods. It seems that we're exasperating an already big problem in those neighborhoods. I'm for having affordable housing spread throughout the City, but it seems like that particular piece of agreement was specifically crafted for those neighborhoods.

No presentation from staff was given.

Commissioner Sullivan – What is the process that was used to select the other zip codes? Is this a routine thing, have we done this before and just not on the radar screen? Is this the first time for something like this?

Robert Heil, staff – This is a custom agreement, in that regard, it is not routine. As to the mechanism and how the negotiations went to expand from the two zip codes to the five zip codes, the applicant is more able to speak about that than I can.

Commissioner Cortez – Was there notification?

Mr. Heil – Yes, the neighborhood organizations within the area were notified, including the Guadalupe Neighborhood Corporation, PODER, OCEAN, El Conselio, GAIN, and others were notified. I know that Guadalupe was part of the conversations that had been going on; and I know that they have been in discussions with the applicant and I they had discussions about how they can participate in some of the provisions of the affordable housing.

Commissioner Riley – This amendment would go to Council?

Mr. Heil – That's correct.

Kris Kasper, applicant – Discussion with the neighborhoods was the reason for postponement last time; this has been postponed twice; we wanted to make sure because we hadn't heard anything, which kind of made us nervous. We have spoken with members of GAIN; we thought Mr. Rogers was going to be here on a separate issue tonight, but he isn't here. The way the restrictive covenant is drafted, a minimum of 5% has to remain within that project, 10% remains on-site or have the option to do 5% on-site and 5% off-site, but there will be an affordable component within that area. The reason that the additional zip codes were drafted was an affordability issue for them; that property is very difficult to buy right now. With regard to whether this is a common practice, it is not a common practice; the reason for us going back and amending this restrictive covenant is because in the original, this requirement was thrown in and no one knew what it meant, so we looked at it, got with the neighbors, got with the City and figured out what everybody wanted from this and went from there. That's how this process developed. W

Commissioner Riley – Requested a map with different zip codes.

A map was made available.

Commissioner Riley – The original agreement said that the outside parcels would have to be in the 78722 or 78702; and this amendment would add options of having it in 78721, 78723 and 78724.

Rance Klaus, Inner Urban Development – The zip codes are expanding to East Austin an opportunity; this development agreement was put in place before we got involved with the property; we made an acquisition last March, so we've inherited all the conditions and happy to comply with those. Our company is focused on urban development and redevelopment, we have a SMART Housing project under construction on South Congress, we were the first to cross the Ben White threshold and bring affordable housing in a larger scale context to South Austin. We've

Facilitator: Sue Welch

City Attorney: Marci Morrison, 974-2568

met with Mark Rodgers this morning to address this and cover some other items with him and these discussions have been very cooperative and enlightening. One reason we thought to expand the zip codes is that we don't want to be in competition with some of the existing vehicles of affordable housing. The other part of the process for us is that we're looking to develop the first mid rise affordable for sale product in East Austin. We have to provide at least 5% of our units as affordable units on our development, on-site; we then have to have an additional 5% that need to on-site or can be in the surrounding zip code.

Commissioner Riley – Adding 78721, 78723 & 78724 expands the radius, with 78724 being the biggest one, it extends all the way out beyond FM 873; the whole zip code is east of 183.

Mr. Klaus – The idea was, this project and this agreement is in East Austin property and what we have seen in the market place, you have projects going on that are extending that reach by definition and affordability in East Austin as a sense of community; so for us literally fronting I-35 where that first step crosses with the project with the affordability component really belongs in a much broader area, in our opinion. The neighborhood has been notified and there doesn't appear to be an issue.

Commissioner Riley – Does the 78724 zip code include some areas that are outside the City Limits?

Mr. Klaus – I wouldn't know the answer to that...

Commissioner Riley – It goes beyond Lake Walter E. Long and as I recall the City Limit is somewhere out in that area.

Mr. Klaus – We chose the zip code definition as expansion because that's what was in the agreement; we could have said miles or radius, instead of zip code.

Commissioner Riley – Would it be a problem to drop that zip code?

Mr. Klaus – I wouldn't think that's critical for us. We're simply looking at expanding for East Austin, if that goes beyond the scope and intent for the City, we're happy to eliminate that one.

Commissioner Riley – I just want to keep affordability close to the central City, my preference would be to drop that one.

Commissioner Cortez – I would suggest something in writing from the neighborhood associations.

Mr. Klaus – I can't make people come or say something that they don't oppose, but we will make the effort to get something in writing.

FAVOR

No Speakers

OPPOSITION

No Speakers.

Commissioner Cortez and Reddy moved to close the public hearing.

MOTION

Commissioner Reddy – I'll move to amend the restrictive covenant with the exception of 78724.

Commissioner Sullivan – Second.

Commissioner Sullivan – We just need to keep affordable closer to central Austin.

Mr. Heil – This would be for all three items?

Commissioner Reddy – Yes.

WHEREAS, the Restrictive Covenant provided that the covenant could be modified, amended, or terminated by joint action of both (a) a majority of the members of the City Council of the City of Austin, and (b) by the owner(s) of the property subject to the modification, amendment or termination at the time of such modification, amendment or termination.

WHEREAS, the City Council and the current owners, Robertson, Martens, and AMJRH, (the "Current Owners") agree the First Amendment of Restrictive Covenant should be amended.

NOW, THEREFORE, for and in consideration of the premises and mutual promises, covenants, and agreement hereinafter set forth, the City of Austin and the Current Owners agree as follows:

1. As to the Six Tracts, Lot 17, and Tract Seven, [only], paragraph No. 5 is deleted in its entirety and no longer applies to the Six Tracts, Lot 17, and Tract Seven, and the following paragraph is substituted in its place:

Portions of the Property may be owned by different owners (each an "Owner") from time to time. At least ten percent (10%) of the residential units constructed by an Owner for each distinct project developed on a portion of the Property shall be Reasonably Priced for the period of time that the Owner of such project giving rise to such requirement receives economic development grants from the City plus an additional five year period of time. At the option of the Owner of each such project, such Reasonably Priced housing may be built totally on the Property ("onsite parcel") or five percent (5%) built onsite and five percent (5%) built or acquired and rehabilitated [replaced] on one or more offsite parcel(s) located within the 78722, 78721, 78723, and 78702 zip code areas (collectively, "offsite parcel"). Ownership of the onsite parcel and offsite parcel may become separate, but prior to any such conveyance separating the two, such Owner shall obtain written approval from the City of the entity to which Owner is proposing to convey the offsite parcel and impose a restrictive covenant on the offsite tract that incorporates the terms of this restrictive covenant. Upon the recording of such restrictive covenant, each parcel (the onsite parcel and offsite parcel) shall thereafter stand on its own for all purposes and the default or breach of the restrictions on one parcel shall have no effect upon and be no breach of this restrictive covenant on the other parcel. A breach of the restrictive covenants required for additional parcels as to each district project shall have no effect upon and shall not be a breach with regard to any other distinct project on another portion of the Property. Prior to the date a certificate of occupancy is issued with respect to an onsite parcel or offsite parcel (in the case of the acquisition of an offsite parcel which is an existing unit, at the time of such acquisition), a Land Use Restriction Agreement (substantially in the form attached to this restrictive covenant as Attachment 1 for an onsite parcel or an offsite parcel which is newly constructed; substantially in the form attached to this restrictive covenant as Attachment 2 for an offsite parcel which is not newly constructed) shall be entered into between the Owner (in the case of an offsite parcel conveyed to an affiliate of the Owner or such other entity, the affiliate or other entity the offsite parcel in conveyed to) and the City and filed for record in the real property records of Travis

2. Except as expressly provided for in this Second Amendment of Restrictive Covenant (the "Second Amendment"), each and every one of the terms, conditions, and provisions of the Restrictive Covenant, as set forth in the Restrictive Covenant, shall continue in full force and effect on and after the effective date of this Second Amendment.
